

WHAT IS DIGITAL?

Digital is the modernization of government information and services by digitization.

DIGITAL MEANS ACCESSIBLE

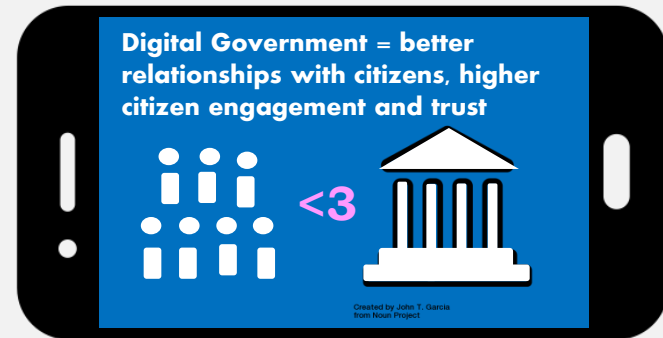

WHY SHOULD WE GO DIGITAL?

95%

Of British Columbians are connected to high speed internet

Created by Julien Meysmans from Noun Project

IT'S TIME TO GO DIGITAL!

Many national governments across the globe have already gone digital. The best place to look for examples is the Nordics. It's time for Canada to join them. British Columbia has the ability to be a leader in Canada due to our high internet connectivity rates.
